Have you registered your child for Kindergarten at the DDSB? Do you have questions about what a “typical” day for a Kindergarten student may look like?

During this session, families are invited for an overview of “The Early Years Experience at the DDSB”. This session will provide families with information that will help to prepare their child for this new and exciting chapter in their young lives! Families will learn general information about The Kindergarten Program (2016), what a typical day in Kindergarten may look like for their child, as well as things to consider when preparing their child for a successful start at the DDSB.

In addition, this session will feature voices from our DDSB child care partners, who will provide an overview of child care offerings at the DDSB, and available supports for young children and families within the community.

Families are welcome to share questions they may have as they begin to embark on the Kindergarten transition for September 2022.

We look forward to you joining us for this informative session on the early years experience at the DDSB!

The Joy of Kindergarten

Date and Time: Tuesday, May 10th, 2022 at 7:00 p.m. to 8:30 p.m.

[Registration Link](#)

The last two years of the COVID-19 pandemic have presented many challenges for young children. As we prepare to support our children with the transition into Kindergarten, you may have many questions about your child's ability to cope within a new learning environment, as well as their ability to interact socially and make new friends.

In response to these questions and concerns, we invite families to join Dr. Jean Clinton, MD, as she discusses the vital role that families play in promoting healthy human development. During this session, Dr. Clinton will advocate for the importance of relationships, and share how families can support a young child's social and emotional development. Dr. Clinton will also support families in their understanding of how to create a positive sense of belonging and connection through play in the early learning environment.

Although the last two years have been unlike anything we have faced before, Dr. Clinton will share the latest research, reflect on her own experiences, and remind families that successful development is possible through connection and relationships.

Families are welcome to come to the session with questions they may have for Dr. Clinton as they begin to embark on the Kindergarten transition for September 2022.

We look forward to you joining us for this informative session on The Joy of Kindergarten!

Making Sense of Self-Regulation in Young Children

Date and Time: Wednesday, May 18th, 2022 at 7:00 p.m. to 8:30 p.m.

[Registration Link](#)

You may have heard that self-regulation is an important factor affecting children's school success and their social and emotional development – but how do we make sense of this information to support our young children as they transition into Kindergarten? In this presentation, educator and self-regulation consultant, Rebecca Leslie, will show families a helpful way to understand self-regulation and what they can do to support its development in a child. Rebecca will review how stress affects a child's body and brain, the connection between self-regulation and stress, the difference between misbehaviour and stress behaviour, as well as how excess stress affects behaviour and moods across five domains of experience.

Over the last two years, children have had to face a lot of obstacles, and have been challenged with many stressful scenarios. Rebecca will highlight the Shanker Method®, and the five ways to support self-regulation, which will help families to see their child in a whole new way.

Families are welcome to come to the session with questions they may have for Rebecca Leslie as they begin to embark on the Kindergarten transition for September 2022!

Building Positive Relationships Conference

Date and Time: Tuesday, May 17 06:00 p.m.

Event Location:

The Durham Partners (Caring, Collaborating, Co-Learning) Conference is an opportunity for parents and guardians to engage in learning about building and maintaining positive relationships for students and families.

The format of the conference includes a panel discussion around the topic of building positive relationships, followed by a series of breakout discussions to go deeper into the supports that parents/guardians can use to help their students connect and thrive in our current reality.

Speakers:

- **Indigenous Education**
Erin Elmhurst; Denise Nickerson; Michelle Evans; Jennifer Henderson

This department strives to fulfill the implementation of the Truth and Reconciliations Calls to Action and raise awareness of

Indigenous history, perspectives and contributions in a holistic and integrated approach. The department hopes to strengthen students' sense of identity, foster positive self-image, and engage community members and organizations in an ongoing dialogue.

- **Equity & Inclusion**
Merrill Mathews & Camille Alli

The Durham District School Board's vision is that Ontario schools need to be places where everyone can succeed in a culture of high expectations. We strive to have an open and inclusive environment of equity in education in all our schools and for all our students. Our goal is to provide students with opportunities to promote equity and social justice.

- **Positive School Climate**
Dan Hogan & Holly Richard

The Positive School Climate Department is committed to maintaining a positive school environment. This happens when all members of the school community feel safe, comfortable and accepted.

- **Inclusive Student Services**
Conor Jinkinson & Steffanie Pelleboer

Inclusive Student Services provide a range of services, supports, programs and placements for students with special education needs in the Durham District School Board (DDSB). Students' needs are met through a variety of supports and programs within the DDSB at both the elementary and secondary levels. All programs promote integration and independence that are optimally suited for each individual student.

Breakout Topics Include:

- **Starting the Conversation**
Conor Jinkinson & Steffanie Pelleboer

Join us to learn more about how to start the conversation when you have concerns about your child. Together we will unpack how we can start the conversation, who do we communicate these concerns to, how does that communication happen, and what might be the pathways for support for you and your child.

- **The Changing Patterns of Recreational Substance Use for Youth**
Dan Hogan

This presentation will explore current substance use trends for youth and the role parents can take to support their children to make healthy choices.

- **Digital Footprint Awareness**
Chris Anderson

Digital Footprint Awareness is a session aimed at supporting families as they navigate the online environment. "Footprints", the information trail you leave behind you online, can be positive or negative. What sorts of footprints are you making as you and your loved ones engage with the internet?

- **Parenting in the Age of Social Media**
Holly Richard

Today's children and youth are growing up in an increasingly digital world. This reality is changing the experience of childhood and youth in significant ways, which is changing some aspects of parenting along with it. Parenting in the Age of Social Media addresses a variety of new considerations for parents and caregivers while offering suggestions for keeping kids safe, responsible and ethical as they navigate online spaces.

- **BeMe: the 'Black Excellence Made Evident' Group**
Riisa Dear, Nicole Bedward, Sandra Newton & Jamila Williams

Join us to learn more about BeMe (Black Excellence Made Evident), a group designed to amplify the voices and experiences of

Black students. This 8-week program, offered virtually, brings Black-identifying youth from our Board together in a safe space to:

- Affirm and validate Black students' identity
- Discuss strategies to confront marginalization and Anti-Black Racism
- Promote positive leadership
- Provide mentorship opportunities and build connection to community

- **Equity and Inclusive Education**
Merrill Mathews & Camille Alli

The Durham District School Board's vision is that Ontario schools need to be places where everyone can succeed in a culture of high expectations. We strive to have an open and inclusive environment of equity in education in all our schools and for all our students. Our goal is to provide students with opportunities to promote equity and social justice.

In this presentation, educator and self-regulation consultant, Rebecca Leslie, will show families a helpful way to understand self-regulation and what they can do to support its development in a child. Rebecca will review how stress affects a child's body and brain, the connection between self-regulation and stress, the difference between misbehaviour and stress behaviour, as well as how excess stress affects behaviour and moods across five domains of experience.

Over the last two years, children have had to face a lot of obstacles, and have been challenged with many stressful scenarios. Rebecca will highlight the Shanker Method®, and the five ways to support self-regulation, which will help families to see their child in a whole new way.

Families are welcome to come to the session with questions they may have for Rebecca Leslie as they begin to embark on the Kindergarten transition for September 2022!

We look forward to you joining us for this informative session on how to make sense of self-regulation in young children!

Promoting Learning Through Play

Date and Time: Tuesday, May 24th, 2022 at 7:00 p.m. to 8:30 p.m.

How do young children learn? You have heard that play is a "child's work", but what does that mean for Kindergarten?

To answer these questions and more, this session will highlight the importance of play and how it supports the development of all learners. Families are invited to join Nadia Kenisha Bynoe and Angelique Thompson from the Coaches Corner Early Years Team, as they explore the benefits of play and how it connects to The Kindergarten Program. Using interactive approaches, Nadia and Angelique will uncover the possibilities for learning using playful materials. In addition, families will be given practical strategies that can be used at home to support learners transitioning into Kindergarten.

Families are welcome to come to the session with questions they may have for Nadia and Angelique as they begin to embark on the Kindergarten transition for September 2022.

We look forward to you joining us for this informative session on how to promote learning through play for your Kindergarten-aged child!
